

:: VACUUM ADHESIVE SPRAY INFUTAC

Description:

Is a super fast drying contact adhesive in a spray can. Ideal for fast bonding of laminates. Prevents the fibre and core package from shifting during vacuum drawing and foil placement. Available in packs of 500 ml.

Application:

As a universal instant adhesive for bonding all reinforcement materials and core use in vacuum and infusion technology.

Data on delivery:

Color:	colourless
Viscosity:	N.B.
Mass density:	approx. 1.0 gr/cm ³
Shelf life:	12 months in closed packaging
Consistency:	liquid

Technical data:

Consumption:	0.10 gr/cm ²
Shore	not applicable

Application:

Shake the can before use. Spray as thin a layer as possible on the gelcoat or the fibres. Best used at room temperature. Ventilate well during processing or wear a suitable mask.

Safety:

Always provide appropriate protective clothing and gloves. Avoid prolonged skin contact. Cleaning agent for tools: cleaner M (environmentally friendly substitute for acetone).
