| Shelf life: | 24 months in closed packaging |
| Consistency: | liquid |

Technical data:

| | |
|--------------|--------------------------|
| Consumption: | depending on application |
| Shore: | not applicable |

Processing:

Use 5-10% thinner for the yacht enamel if you want a better flow.

If you are treating new wood with yacht varnish, we recommend thinning the first layer by 40%. The following layers are best thinned 10-20%. With already treated wood, you can best dilute the yacht varnish by 10-20%.

Safety:

Always provide appropriate protective clothing and gloves. Avoid prolonged skin contact. May cause irritation.

Cleaning agent for tools: cleaner M (environmentally friendly substitute for acetone).
