

## :: GELCOAT REPAIR COLOR RENOVATION

### *Description:*

Is a liquid and powerful silicone-free cleaner of the latest generation. Penetrates deeply and has a fast action. Restores the original colour of the surface.  
Available in 500 ml packaging.

### *Application:*

As an intensive plastic cleaner for plastic garden furniture or parts such as shutter boxes. Renews the colour of polyurethane paint, metal (chrome, steel, aluminium, bronze, etc.) and stone (marble, terracotta)

### *Data on delivery:*

Color:	amber (transparent)
Viscosity:	-
Mass density:	870 gr/dm <sup>3</sup>
Shelf life:	24 months in closed packaging
Consistency:	liquid

### *Technical data:*

Consumption:	16-20 m <sup>2</sup> /l
Shore:	not applicable

### *Processing:*

It is best to do a test first depending on the discolouration.

First clean the surface with SL cleaner C2 concentrate.

Apply only a small quantity. Let it soak in for about 20 minutes and remove the excess product with a microfibre cloth. After 24 hours you can polish the surface even more with a microfibre cloth.

### *Safety:*

Always provide appropriate protective clothing and gloves. Avoid prolonged skin contact. Cleaning agent for tools: cleaner M (environmentally friendly substitute for acetone).
